**Subject:** Please read carefully and verify the **Galley Proofs** of your paper (attached) which is going to be published in the latest issue of **RASĀYAN JOURNAL OF CHEMISTRY**.

**Note:** It's the last chance for you to double-check and verify the data presented in this paper. After publishing this paper, you'll be solely responsible for every consequence.

Dear Author,

Greetings from **RASĀYAN**.

First of all, we thank you for contributing your valuable research work in the **RASĀYAN JOURNAL OF CHEMISTRY**.

Please find herewith the **Proof Draft** of your paper (in editable **Word Format** with a **PDF e-Proof**), which is going to be published in the **RASĀYAN JOURNAL OF CHEMISTRY**. **Before start correcting your Galley Proofs, Please refer to any published PAPER from the Current issue.**

1. Please go through it once again as per the **Guidelines** of the journal provided to you earlier. If anything is highlighted in the Proof or mentioned in last as **Author's Query (A.Q.)**, please check and correct it STRICTLY as per the demand of the Query.
2. **Please don't do any changes with pagination and font type & size. The actual pagination will be carried out after receiving the corrected proof from you.**
3. Check the author's names, affiliation and E-mail id of the Corresponding author. If not given properly, give the same.
4. If you make any textual change, please do it in **red** or **blue color** in **Word File** attached, so that the typesetter could understand and correct it appropriately.
5. Check spellings, grammar and units of different quantities throughout the manuscript.
6. Check all references once again for their correctness in terms of the name of the journal, Volume and Number, Year, Page no etc.

Please send it back **within 48 hours** (to [rasayanjournal@gmail.com](mailto:rasayanjournal@gmail.com)) from the time of receiving this mail **with the following verification text** (without which the manuscript will not be finally published online) that-

"I,..... as corresponding author for the manuscript no.....(mention your manuscript no. here correctly) on behalf of myself and all my co-authors confirm that we have gone through the **Proof Draft** of my manuscript; which is going to be published in the coming issue of **RASĀYAN JOURNAL OF CHEMISTRY**. I take complete responsibility for the correctness of matter and content presented in this paper."

Since **RASĀYAN J. Chem. (SCOPUS H Index= 20)** is a rapidly growing International journal, you are requested to suggest the journal to your colleagues and friends.

Thanks for your cooperation and support. Looking forward.

Dear Editor of Rasayan J.Chem,

Thank you for your e-mail.  
Please kindly see the attached file, which is the revised version.  
Thank you.

regards,  
Euis

**Serious Concern: RJC-6157/2020**

Dear Contributor,  
We sent you the Galley Proofs for verification and corrections. Also mentioned a few Author's Queries at the end of the text. You sent it back to us, but unfortunately, you have not addressed

those queries seriously, especially concerned with the references. You didn't respond correctly to the following point:

References must be strict as per the STYLE of the journal, which may otherwise cause unnecessary delay in the publication of your paper.

Also, Mention DOI with references, wherever possible and please mention **CORRECTLY** the names of all the authors, complete name of the journal, Volume, Issue, and Page numbers in the reference([Please refer Guidelines and a Published Paper from the current issue](#)).

**You are advised to** revise the manuscript as per the instructions mentioned in point mentioned above and send us back as soon as possible, if you want to get your paper published in the current issue.

Looking Forward.

Dear Editor in Chief Rasayan Journal of Chemistry,

I apologize for sending the wrong file.

Please kindly see the attached file, this is the correct one.

We have made some corrections as shown in the red colour.

For references, we have seen the style of references in the published paper from the current issues.

Some of the references do not provide DOI.

If we still have made incorrect revisions of our manuscript, please let us know.

Thank you very much.

regards,

Euis
