Dear
Subscription Manager

I have submitted my article to <http://www.iaeme.com/OnlinePaperSub.asp> in form of adobe pdf, entitled "Land Value Estimation Model as Impact of Infrastructure Development in Kaliwates Jember Indonesia" to International Journal of Civil Engineering and Technology (IJCIET), through this email I attach my article file in the form of word and pdf. I hope that my article can fulfill the requirements and can be published in the International Journal of Civil Engineering and Technology (IJCIET).

If my article is acceptable, what is the cost of publishing my article in the International Journal of Civil Engineering and Technology and how should I transfer the cost of publishing articles?

Thank You very much for all your attention

Best Regard,
DR. I Nyoman Dita Pahang Putra., ST, MT

Subject: Table 2_page 1025
To: IAEME Publication <editor@iaeme.com>, IAEME Publication Chief Editor <iaemedu@gmail.com>

Dear Editor Team

In the presentation of Table 2 on page 1025, please allow me to revise it according to the table that I attached along with this email.
I try to put the table 2 by not changing the format of the revised template.
Hopefully this suggestion can be accepted, so that the templates and editing of the Journal of International Civil Engineering and Technology can be more neat and reliable.
My article title:
Land Value Estimation Model as Impact of Infrastructure Development in Kaliwates Jember Indonesia.
Thank you very much for all attention

Best Regards,
